Thank you
Debra Broz,
Attorney at Law, for
your support of
literacy. Students at
Bristow were able to
hear firsthand the
value of good
communication skills
regardless of
education and career
choices they will make
in their futures.

We want to send a big thank you to our sponsor, Debra L. Broz, for her newspaper sponsorship! Here in sixth grade at Bristow Elementary, we utilize the Daily News in our classrooms as a learning tool to increase students' literacy skills in a variety of ways. The NIE/Daily News partnership gives us the opportunity to analyze structure, text features, etc. It also allows us to provide unique instruction across all content areas such as math, science and social studies. Thank you for visiting our classroom!
